Re: Application for Change under Walla Walla River Adjudicated Certificate No. 590(B)

Dear Mr. Cange:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, you will need additional time to file your *Proof of Appropriation* form since no flow meter has been installed. The Walla Walla Conservation District is currently working with you to obtain and install a new meter. In addition, this project has recently been undergoing crop rotation and may have not used its full quantities last year. In review of your request for extension, it appears you have made progress completing your project and putting water to beneficial use. Your request is for a reasonable period of time. We will grant you an additional two years to install a meter and put water to full beneficial use.

The new deadline to submit your *Proof of Appropriation of Water* is **March 1, 2017**.
